

SAMAR LAAJILI

Web, mobile & UI/UX developer

+216 23 371 646 | samarlaajilisl@gmail.com | github.com/laajilisamar | linkedin.com/in/laajilisamar | Hay Riath, Sousse

PROFILE

Developer passionate about web and mobile development and UI/UX design, with a degree in Information Technology (Information Systems Development). Hands-on experience gained through several internships. Motivated, autonomous and a good team player.

PROFESSIONAL EXPERIENCE

Science Teacher — Way To Success & Enfant Intelligent Academies, Sousse

10/2025 – 03/2026

- Taught science to primary and middle-school students.
- Introduced logic and reasoning basics.
- Academic follow-up, course materials and exercises adapted to each level.

Freelance – Software Engineer — Remote training center

11/2024

- Delivered a mini-project under a tight deadline: ownership and time management.
- Taught computer science remotely, adapted to each learner's needs.

Graduation Internship – E-learning Web Developer — Sweet Touch

02/2024 – 06/2024

- Created “Iqraa”, an online learning platform (PHP/Laravel, MySQL).

Initiation Internship – E-commerce Web Developer — Designet Web Agency

07/2023 – 09/2023

- Built “Vibracom”, an app to manage and browse services, with an admin interface (Laravel).

Advanced Internship – Web Developer — Bus Software

01/2022 – 02/2022

- Designed a dynamic after-sales service web application (PHP, MongoDB).

Volunteer — ISIE Nabeul

01/2022 – 02/2022

- Supported election operations, document handling and citizen assistance.
